### Tooele City, Tooele Communities That Care®, Tooele City Police Department, and the Tooele County School District are Working Together to Improve Issues in our Community

In Tooele we have some serious adolescent issues . . . student survey data points to a much higher prevalence of drug use and program behavior among 8th grade students in Tooele compared to statistics statewide in Utah. Unfortunately, some areas are nearly three times higher in Tooele than the rest of our State.

Students were surveyed in 2005 to find out how prevalent their behaviors were in “the last 30 days”. Results showed:	
Alcohol use: Tooele students 21.7% vs. 8.6% statewide	Marijuana use: Tooele students 7.1% vs. 2.9% statewide
School suspension: Tooele students 24.9% vs. 9.5% statewide	
Physical aggression with intent to harm: Tooele students 16.4% vs. 10.6% statewide	

Studies have shown that schools with higher rates of alcohol, tobacco and marijuana use are less likely to meet the state and federal standards on mathematics, reading and writing. Obviously, the reverse is true! Students in school with less substance use are more likely to meet those standards!

Ten schools in our community are participating in prevention programs in conjunction with Tooele City Communities that Care®. Lions-Quest Skills for Adolescence is used in the 6th grade, with Life Skills Training in the 7th, 8th and 9th grades. These programs address such issues as: dealing with friends & peer pressure, avoiding problem behaviors, substance abuse and commitment to school. Even if your child is not facing any of these very serious issues personally, they attend school every day with students who are!

You and your family can be a part of this effort! Guiding Good Choices® is the companion program offered to parents of children ages 9-14 as the family component of the school based skill building programs. This program gives parents new tools that will assist in establishing & strengthening their own family policy, one that works with their rules & values! Families will learn to work together to gain skills in helping children deal with peer pressure, settling family standards, managing conflict and learning to express anger constructively and team that with what students gain through school programs.

Classes are: Thursdays April 10—May 8 at Tooele Jr. High 7-9 pm OR Thursdays April 12—May 10 at Clarke Johnsen Jr. High 7-9 pm. Call 843-2185 or 843-2187 to register.
