## FROM THE MAYOR

A great big thank you to the editor and staff at the Transcript Bulletin for giving me the honor of being the Tooele County Person of the Year. It was very humbling for me to be recognized for the work we do here at City Hall. I want to tell my wonderful wife Pam and my family thanks for their constant support and encouragement. It's also a special tribute to the wonderful staff that I have the privilege to work with, and the knowledgeable and involved City Council. I pledge to continue to work hard to make Tooele a city you can be proud of.

The downturn in the economy is affecting us a great deal. Our revenues, like every other city in America, are dwindling at a much faster rate than any of us could have imagined. We have been working on reducing our budget over the last months, but the unprecedented loss in sales tax revenues will require us to make very significant cuts in our operating budgets. While this is never easy to do, we'll do it as we are required to do, with our objective to maintain a high level of public services and our workforce.

There are many challenges ahead of us dealing with these economic issues here and across this country. If we work together we will be able to get through these difficult times. Our City has a bright future ahead. I believe each of us should have reason for optimism.

Mayor Patrick Dunlavy
