FROM THE MAYOR

In a recent *Transcript-Bulletin* editorial the importance of planning for future transportation needs was stressed. I could not agree more and applaud the editor for it. During the period of time when Tooele grew so rapidly, one of the many lessons learned was the city was not prepared to move the sudden growth in traffic around our city. Traffic on Main Street has grown tremendously since then. It is vital we stay ahead of the need for good efficient ways of getting around, not only in the city but also the county.

This is one of the reasons we have worked so hard to get the 1000 North project underway. It really serves 3 direct purposes. One, the road is vital to our continued economic development work. Retail and commercial pro-

jects are planned in the area. Two, it addresses our need for travel alternatives both east and west and north and south on the west side of the city. And three, it provides a badly needed corridor going west to Grantsville and east to downtown Tooele from the west side of the county. The 1000 North project is a really good example of work we are doing to plan for the future needs of our citizens.

As we continue to plan, it really is vital we become active partners with Tooele County, as most projects in the county directly or indirectly affect the city. We are much more proactive in planning for future needs than ever before. Unfortunately, sometimes the state of the economy does not allow sufficient revenues for meeting the needs of these important future roads. We'll continue to work hard to find ways to ac-

complish that important project and diligently plan for our future.

Our road maintenance projects for this summer are underway, I ask for, and thank you for, your patience as we do this important work.

Let me express my very sincere appreciation to each of you for your support, your encouragement, and your ideas as I manage the business of our beautiful city. It truly is a privilege for me to serve each of you. Thank you very much.

How am I doing? If you have comments, e-mail me at patrickd@tooelecity.org.

Mayor Patrick Dunlavy

WATER CONSERVATION SCHEDULE

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and school may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Thanks for your help in conserving water, a precious resource.

PARENTING CLASS

Valley Mental Health of Tooele is committed to improving, enhancing and strengthening individuals, families, and community lives. One way we do this is by providing a parenting class where fathers and mothers can come together and improve their parenting skills.

The parenting class is an eight-week course that helps parents better understand their child's development, learn ways to strengthen the parent-child relationship, and refine their non-abusive discipline methods. We encourage all parents to bring their concerns and questions to class and learn how the information provided will apply to their personal situations.

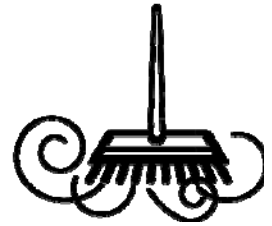

The next 8-week class will be held at 100 S. 1000 W., Tooele, every Tuesday from 6-7:30 pm., May 5-June 23, 2009. The cost of the course is \$72, or Medicaid is accepted for full coverage of cost (for open clients). For more information call 843-3520.

DOOR TO DOOR SALESMEN

This year, please watch for **BRIGHT PINK** badges when opening your door to salesmen. If they do not have a **BRIGHT PINK** badge, they are not licensed with Tooele City. You may call the Recorder's Office at (435) 843-2110 with a location and description of the individual, OR you may call dispatch in the evenings or weekends at (435) 882-5600. Thank you!

AARP SAFE DRIVING CLASS

A new one-day, four hour AARP Safe Driving Class will be sponsored by Mountain West's Senior Circle on May 29, 2009. The class will be held from 9:30 am to 2:30 pm. Lunch is from 11:30 am to 12:30 p.m. Class will cost \$14 with a certificate issued at the end of the class. The certificate may get you a discount on your insurance for 3 years. All participants must sign up prior to the day of the class. AARP members will receive a \$2 discount on showing a current AARP membership card. Call (435) 843-3690 or (435) 843-3691 for information and to sign up.

Watering tip: Sweep sidewalks, driveways and other paved areas with a broom instead of using the hose.
