UNCOVER YOUR FAMILY HISTORY AT THE LIBRARY!

Ancestry Library Edition, one of the most important and largest online genealogical collections today, is now available at the Tooele City Public Library! Ancestry Library Edition is a web-based, genealogy research tool created for library users. It makes family research easy for beginners while still providing in-depth tools for even the most advanced genealogists. With more than 4 billion names in over 4,000 databases, Ancestry Library Edition includes records from the United

States census; military records; courts, land and probate records; vital and church records; directories; passenger lists, and more. Similar information is also available for the United Kingdom, Canada and some European countries. For more information visit our website at <http://www.tooelecity.org/tcl/library.html> or give us a call at 882-2182. To gain instant access to Ancestry Library Edition visit us at 128 West Vine Street in Tooele!

EARTHQUAKE PREPAREDNESS

Mayor Dunlavy, the Tooele City Council, and the Tooele City Fire Department want the citizens of Tooele to know these facts about earthquake preparedness. We live in a very active earthquake area. Please read this and do what each of you can to help out families, neighbors and our government in the time of need.

1. Know the safe spots in each room-under sturdy tables, desks or against inside walls.
2. Know the danger spots-windows, mirrors, hanging objects, fireplaces, tall furniture.
3. Conduct practice drills. Physically place yourself and your children in safe locations.
4. Learn first aid and CPR from your local Red Cross Chapter or other community organizations.
5. Decide where your family will reunite if separated.
6. Keep a list of emergency phone numbers.
7. Choose an out-of-state friend or relative whom family members can call after the quake to report whereabouts and conditions.
8. Learn how to shut off gas, water and electricity in case the lines are damaged.
9. Check chimneys, roofs and wall foundations for stability. Make sure your home is bolted to its foundation. Call a licensed contractor if there are any questions.
10. Secure water heater and appliances that could move enough to rupture utility lines.
11. Keep breakable and heavy objects on lower shelves.
12. Secure hanging plants and heavy picture frames or mirrors (especially those hanging over beds).
13. Keep flammable or hazardous liquids such as paints, pest sprays or cleaning products in cabinets or secured on lower shelves. Put latches on cabinet doors to keep them closed during shaking.
14. Maintain enough emergency food, water and other supplies, including medicine, first aid kit and clothing for at least 72 hours.
15. Organize a neighborhood earthquake preparedness program.
16. Identify neighbors who have special needs or will require special assistance.
17. Have neighbors agree to hang a white flag out after the quake if everyone and everything is OK.

Although damaging earthquakes occur infrequently, their consequences can be staggering. Earthquakes cannot be prevented, but their impacts can be managed to a large degree so that loss to life and property can be reduced.

UTAH LAW ENFORCEMENT MEMORIAL

The Tooele City Police Department is raising money to donate to the Utah Law Enforcement Memorial. A Tooele City Police challenge coin will be given to anyone that donates \$30 or more. The memorial is to be constructed on the grounds of the State Capitol and will honor Utah law enforcement officers killed in the line of duty. We are sponsoring a plaque for a US Marshal killed in Tooele County in 1870 by the name of William Story. To make a donation, please contact Lt. Cholico at the police department at 323 N. Main St, or by phone 882-8900.

MAY ACTIVITIES AT YOUR TOOEELE CITY LIBRARY

Spring has come to the Tooele City Library! There are flowers everywhere! Your job is to count a different color of flower each week of the program. It will end on May 23. Get your counting form in the children's area at the library. Bring the counting form to the front desk and receive a small prize.

Adults, attend a free personal financial seminar of "Basics of Buying a House" on May 8 at 6 pm at the library. These wonderful seminars are full of helpful hints, with a question and answer time after the presentation. Free tickets are available at the check out desk of the Tooele City Library.

On May 14 the library will present "Movies @ your Library" at 3 pm.

On May 15 the library will present "Morning Movie @ the Library" at 11:30 am.

On May 20 at 4 pm there will be another special show. Be sure to watch the movie, then read the book. Sign up and get your free tickets today.

There will be a special story time on May 23 at 1 pm featuring Clifford. Listen to some funny stories about "Clifford the Big Red Dog", read by Angie Wager from the Barnes and Noble in Jordan Landing. See our special guest "Clifford the Big Red Dog" and get our coloring sheets.

Our theme for this year's wonderful summer reading program is "Catch the Reading Bug @ your Library". On May 27th at 6 pm will be our opening program, with a juggler from the Utah Funny Girl Production Co. Don't miss out on the Bizzy Bee Dance Studio at 3 pm on May 28. Learn how to make an Origami bug with Ginger Brakke on May 29 at 6:30 pm.

Remember children's story time Wednesdays at 11 & children's crafts Fridays from 3-5 pm. Check <http://tooelecity.org/tcl/library.html>, call 882-2182, or visit 128 W. Vine St. for more information.

What happens when you put 35mm cameras, B&W film, microphones, mini-disc recorders and computer audio editing equipment in the hands of high school youth and invite them to turn their attention to their community?

Moab photographer Bruce Hucko has done just that. The result is *Voices of Youth - Moab!* Images and audio combine to create a portrait of Moab as seen by its youth. The work is fun, pensive, thoughtful and insightful.

The photographs come from a Winter Trimester photography course that Hucko has taught for the past 5 years. In it students learn the process of traditional film developing and printing, and are challenged to use those skills in creative ways. With classroom lessons in composition they are sent out to complete an array of assignments including landscape, people, and one that fits the title "Must Be Moab!"

The radio work began in the Summer of 2002 when Hucko received an NEA Challenge America Grant. It continued this past Winter (2004-2005) with the introduction of a *Voices of Youth - Audio* course at Grand County High School. Nine selected students work during and after school creating radio essays and documentaries that are first aired on Moab's community radio station KZMU.

"We are 'at risk' of losing our community identity," says Hucko. "By combining the technological and aesthetic aspects of photography and radio we've designed projects and created work that encourage youth to explore their relationship to this place they know as home. The results are meaningful to both the student and the community. I value the youth voice and with these projects they have a platform to be heard." The program can serve as a model for other communities across the state.

This exhibit is composed of B&W photographs and a set of 4 audio CDs. Individual programs range from 3 to 27 minutes. An accompanying notebook contains information on teaching photography and radio, captions, program notes, and other materials.

Exhibit available at city hall during regular business hours during the month of May.
