"We come to love not by finding a perfect person, but by learning to see an imperfect person perfectly."
-- Sam Keen

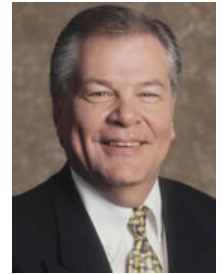

"Forget about love—I'd rather fall in chocolate!"
-- Unknown

The events of the past few weeks really have me concerned. The shooting of Representative Gifford and other innocent citizens of Arizona has brought to light the state of our country—the ugly, unpleasant side. The side that seems to be coming more prevalent each day. I'm concerned that Congressmen and Legislators talk about ways to address the violence, explore ways to make us safe in our neighborhood and cities, but do nothing concrete to change it. There must come a time when politics be put aside, that ugly public discourse stop and action takes over. I pray the day is coming when the country comes to its senses and acts, before more innocent citizens die and we stop burying beautiful 9 year old young girls. I'm very grateful to live in a

city that allows for honest debate on important issues, where every voice whether in agreement or disagreement on issues is honestly and openly heard. Where a Mayor and Council put the good of the community first, and do so with respect. I'm very proud that for the most part each of you share those ideals.

We will continue to do our part, in any way we can, to create a quality of life in our city that promotes a safe, friendly environment. I ask Congress and our State Legislature to do the same.

Please contact me at 435-843-2104 or patrickd@tooelecitey.org with any questions or ideas.

Mayor Patrick Dunlavy
