Message from Mayor Dunlavy

Congratulations Tooele! What a wonderful 4th of July we had. The Chamber breakfast tasted better than ever. Thank you to the breakfast committee for the great job you all do. The parade was enjoyed by one of the biggest crowds I believe I've seen. It was very exciting to see all of you along the parade route. Thanks for your wonderful words of greetings and encouragement. Thanks very much to the Bit and Spur, our great police officers, and our parks and streets maintenance guys for all their help. A special thanks to Kathy Bell, our Parks Director and her staff, Terra Sherwood and Doreen Outzen. There really is a lot of work to be done to make the parade safe and successful. The activities at the park added so much to the day's activities.

Thanks to all the groups and businesses that provided activities and the super food. Thanks to Susan Trujillo for organizing the dance groups, they always add so much to the park activities.

I hope those of you attending the Nitty Ditty Dirt Band concert and fireworks display enjoyed them as much as my family and I did. What a special day. Our beautiful city really knows how to

celebrate. I know you all join with me in giving thanks for our country's independence. We should never forget the sacrifices made so we are free to enjoy this historic day.

I would also like to express my sincere appreciation to Brad and Kay Pratt and their great committee for rallying this community to oppose the East Bench route for the Rocky Mountain Power high voltage power transmission line. Over 4000 of you signed the petition telling the Bureau of Land Management (BLM) and Rocky Mountain Power you are against this route. I, the City Council, and the County Commissioners are on record opposing it as well. I know that the BLM and Rocky Mountain Power have heard our voices. Brad and Kay and their committee have done a very important service to our city in helping us protect this beautiful scenic area for all of us and our families to enjoy. I applaud them for their endless hours of hard work.

Members of the city council and I and our wives spent an evening with the Sons and

Daughters of the Pioneers at their museums on East Vine on the 21st. If you've not visited them you are really missing a very special treat.

They work so hard to preserve our history. Their displays and pictures of Tooele's past are truly special. I strongly encourage you to visit the museums. You'll be amazed at the work they've done. Thanks to them for a wonderful evening. Their dutch oven dinner was delicious.

We truly live in a wonderful community. I am so fortunate to be in this position, to help make our city better every day. I pledge to continue to work hard so that we can meet the challenges ahead. Thanks to each of you for all your support. If you have questions or ideas please contact me at 435-843-2101 or e-mail me at patrickd@tooelecity.org.

UDOT CONSTRUCTION

UDOT is improving sections of SR-36 (Tooeele Main Street) July through early August; SR-112 (west of the RR tracks in Tooeele to the Junction with SR-138 in Grantsville) early August to mid-October; and SR-36 (from 3’O’Clock Drive to just north of the junction with SR-73 past Stockton) late August to mid-October. Please slow down and observe new traffic patterns during construction.

DROP OFF BOX FOR OLD MEDICATIONS

There is now a drop off box for all medications you wish to dispose of. It is located at the Sheriff’s Department by the back door of the county building.

Having pharmaceutical drugs in your home that you no longer need or are outdated is very dangerous. Disposing of them into our water system, down the toilet or drain makes a mess of our

environment. Throwing them away in the garbage puts them in our landfills and subject to the possibility of bringing them back into our society.

It is very easy and convenient to use the drop box. You do not need to remove medications from the bottles, but you may if you wish. You can place the medications in the plastic bags that are

provided, seal the bag and drop in the box. Please do not put in syringes, hazardous materials or mail in the drop box.

All drugs will be accepted with no follow-up. The drugs will be removed for disposal at the incinerator site. The drop boxes are available for anyone to use.

HEART GALLERY UTAH

A picture is worth a thousand words! And that's what the presenters of Heart Gallery Utah are hoping. The Gallery opens in Tooele City on August 4th at Tooele City Hall. The unique exhibit will combine the talents of many professional Utah photographers to reflect the personalities of foster children waiting to be adopted. In photo after photo, the unique light in each child—a light sometimes buried after years of neglect, abuse, and low self-esteem has been captured through each photographer's

art and talent.

The Adoption Exchange, an adoption recruitment agency for the state's Division of Child and Family Services, is presenting the exhibit through donations of time, services, and money from many sources including local photographers, framers, law firms, banks, and businesses. Tooele City Hall has donated space for the exhibit which will be on display through September 2008. Thereafter, the exhibit will travel to other venues throughout the state.

Nearly 130,000 children in the U.S. public-welfare system are waiting for an adoptive family. Most are eight years or older. And, sadly, about 21,000 children "age out" of the system every year without ever being adopted. For information on the Heart Gallery Utah, volunteering for The Adoption Exchange or on adopting foster children, contact The Adoption Exchange at (801) 265-0444 or visit the internet at www.utdsfsadopt.org and www.adoptex.org.
