WATER CONSERVATION SCHEDULE

Tooele City is implementing a water schedule for outdoor water use for all local residences, businesses, schools, and government agencies using culinary water.

In the water conservation schedule, the City is divided into three sections and watering is allowed twice weekly (see adjacent table).

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses—such as newly planted sod or lawn, contact Tooele City at 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and school may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Due to a substantial increase in outside watering over the last few weeks, it is very important to remind each of you the importance of water conservation. If we continue to use this unusually high amount of water, nothing

we do at the city will prevent us from having to implement more restrictive water usage. Year after year we talk about water conservation, and year after year our citizens continue to water at an alarming rate. We must all take a look at our water use. Set timers to water only when necessary. Too often we see someone watering even during rainstorms; this is a very poor use of this valuable resource. Please help in doing your part in conserving water in every way possible. To those of you who have done so, thank you, keep up the good work. For the rest of us— we need to do our part.

Thanks for your help in conserving water, a precious resource.

Business Licenses Are Required

Anyone offering a “service” for compensation requires a Tooele City Business License. Even if it is considered a *home business*, a license is required. You can access a Business License Application on our website at www.tooelecity.org; go to the “Department Drop Down List” to City Recorder. You will see a list of applications to the left of the screen, the Business License Application is the first one on the list. Fill out the application; the 2nd page needs to be notarized, there are notaries at City Hall.

It takes a few days to go through the approval process. If you have any questions, you may call the Recorder’s Office at (435) 843-2110. Thank you for your cooperation!

With the warmer months approaching, we have more door-to-door salesmen. ALL door-to-door salesmen (itinerant/transient merchants) must be licensed with Tooele City and must have a VIBRANT BLUE ID badge on their person, in plain sight. If they aren’t wearing a badge and it’s during business hours, call the Recorder’s Office, 843-2110. If it’s the weekend or evening, call Dispatch 882-5600 and a police officer will respond to your area.
