FROM THE MAYOR

As our wonderful community continues to progress, I would like to make a request of you all—within the framework of personal property rights we each enjoy. I’m asking each of us to make a concerted effort this spring, to go the extra mile and help clean not only our own yards during spring cleanup, but also our neighborhoods.

Many of our neighbors do not have the means to do projects in their yards, I encourage you to give them a hand. We live in such a special place, wouldn't it be great if we worked together to make it more beautiful as a hand. We live in such a special place, wouldn't it be great if we worked together to make it more beautiful as a community?

I also want to express my sincere appreciation to you for your water conservation efforts this last year. You did a fantastic job in not wasting this precious resource. Please keep up the super work, by doing so, it greatly benefits us all!

If you have comments or concerns, please call me at 435-843-2104 or e-mail patrickd@tooelecocity.org.

WATER CONSERVATION SCHEDULE

Area #1 All water users North of Vine and West of Main water Wednesdays and Saturdays.

Area #2 All water users North of Vine and East of Main water Tuesdays and Fridays.

Area #3 All water users South of Vine water Mondays and Thursdays.

Outdoor watering is not permitted on Sundays.

Visit www.waterwiseutah.org for great water wise tips!

The City encourages residents not to water during the hottest hours of the day, typically between 10 am and 6 pm. This conserves water and reduces your water bills.

If there are special circumstances that require a modified schedule for residents or businesses such as newly planted sod or lawn, contact Tooele City at (435) 843-2150.

City parks and schools have been placed on a modified schedule because of the size of their lawn areas. While some parks and schools may be watering more than two days each week, a specific area of that park is only watered twice during the week.

Every year in America, an estimated 800,000 children are reported missing. An analysis of attempted abduction cases by The National Center for Missing & Exploited Children® (NCMEC), found that in 84% of cases, the child escaped would-be abductors through their own actions. Teaching children about safety works. It saves lives! NCMEC, in partnership with the Tooele City Police Department, will be observing National Missing Children’s Day this year by participating in the national Take 25 child safety campaign. The campaign encourages parents to take 25 minutes to talk to their children about safety and ways to prevent abduction. Tooele City Police Officers will provide parents and children with Child ID Kits and information!

For more information, contact Terra at (435)843-2142 or terras@tooelecit.org. Full class listings are posted on our website www.tooelecity.org.
