"The best thing about the future is that it comes one day at a time."

-- Abraham Lincoln

It's a new year - - a time of new beginnings and new challenges. The start of every new year brings with it New Year's resolutions about losing weight, or spending more time with our families, or doing something worthwhile to make our lives more enjoyable. It will bring an end to grey, cold, smoggy and foggy days. The days will be warmer, with more sunshine. I, like all of you, look forward to all of these things, especially the losing weight one—it just seems to get harder for me every year. But as you've heard me say many times, "challenges make us stronger." I look forward with a great deal of optimism and enthusiasm to make our beautiful city better.

Meetings have been held and discus-

sions are ongoing between the administration and the council on policies and programs to accomplish the important business of the city. Unfortunately there still will be challenges due to the economy. Our recovery will be slow, but I believe it will be steady.

I'm very thankful to each of you and our great employees for the support we get. Please know we take our responsibilities very seriously and always will.

I wish each of you a very "Happy New Year." As always, if you have questions or ideas please e-mail me at patrickd@tooelecity.org.

The 2010 Census is Safe... It's Easy... It's Important!

What's in it for me?

Participate in the 2010 Census —

- Visit www.census.gov to learn more about the census.
- Watch for jobs available in Utah.

Federal law protects all your personal information you share during the census for 72 years!

Family History—Future

Utah residents count!

(We are the fastest growing state in the nation)

2010 CENSUS: IT'S IN OUR HANDS

The 2010 Census is like a Portrait of America to be taken on April 1, 2010.

What: The census will be a count of everyone **residing in the United States on April 1, 2010** (all citizens and non-citizens alike).

When: You will receive your questionnaire in March 2010 either by US mail or hand delivery. Some people in remote areas will be counted in person.

Why: Since 1790, the US Constitution has required a national census once every 10 years to count our population.

How: Households complete a simple form (**now only 10 questions**) by listing all people who live in the home as their "**usual residence**", where they live and sleep most of the time.
