

Tooele City 4-H Garden Club

- The Tooele City 4-H Garden Club is for youth Kindergarten through 12th Grade. (Youth can join the Club if they will be going into Kindergarten this fall.)
- We will meet every Thursday from June into September (weather permitting) to learn more about gardening and have fun together. You will need to commit to coming to the Garden at least once a week to tend to your garden. Most people choose to come during Club Meeting times on Thursdays, but it can be whatever day works best for your family.
- This year the Tooele Youth Garden is located at 379 North 1st Street, Tooele.
- Each participant will be given their own garden plot. Kids can plant whatever they would like and what you grow belongs to you!
- There is a \$7 registration fee. Participants will need to provide their own seeds and/or plants. Tooele City will provide the tools and water.
- Don't worry if you have never gardened before. At the registration meeting we can help answer any questions you have and help you plan what you want to grow. We will also be available during Club Meetings each week to answer questions throughout the growing season.
- We will plant gardens the first week of June, and Club Meetings will begin the following week.
- Space is limited, be sure to attend the meeting!
